SPEAKING TESTIMONIALS

Marsha has spoken to our organization several times - this speaks volumes, since we seldom have a repeat speaker. She has a unique and direct way of connecting to her audience and leaves them with tangible tools and tips to take home and utilize in both their professional and personal lives. Marsha's no-nonsense (and fun!) presentations on various topics including dealing with change, with toxic people or situations, and how to improve communication skills have resonated with our organization's members, making her a favorite keynote speaker. I cannot recommend her enough... FANTASTIC!

Mindy Russell – Arizona Government Finance Officers Association

Marsha Petrie Sue is one of the most direct, confident, serious yet entertaining professional speakers I have listened to. Proficient on so many topics, I am always highly engaged.

Lisa Guida – Vice President, Honor Health Champion Program

Thank you, Marsha. You did a fantastic job. As you gathered, the Board of Directors was complimentary of the learning and your facilitation of the MBTI.

We are grateful for your assistance and support.

David Kong – President and CEO, Best Western International Hotels and Resorts

Marsha Petrie Sue was a hit and a hoot. I learned that people can change and take charge of their lives. I thoroughly enjoyed and benefitted from her presentation! She was high energy and entertaining!

Jennifer Karns – Director of Legal Professionals, Snell and Wilmer Law

Your presentation was the most informative class I've been to out of all the Harley-Davidson Dealer Operations Training classes I have been in. I can't thank you enough for your time and knowledge. You opened my eyes.

Mike Gay – General Manager, Heart of Dixie Harley-Davidson

Marsha was absolutely outstanding. My only regret is not giving her some more time on our agenda. Her messages were exactly on topic for what we agreed to target. Her examples were both very practical and she had great elements of fun & humor at the same time. Feedback from attendees was incredibly high and we ended up incorporating some of her messages into other presentations later in the agenda.

Robert Schramer – Controller, Cisco Systems, USA/Canada Theatre Deals Desk

Your presentation was very helpful for all of us. It is a great reminder that practice makes perfect.
